

Stronger

Emphatic

Breath
I breath to see the truth
It's not you anymore
I don't need yours complications
Greed is all you offer

Fuck that, I don't need that
You will never define me
Fuck that, I don't need that
You will never complete me
Fuck that, I don't need that
You will never, control me
Fuck that, I don't need that
You will never break me down

I can't believe in you any longer (any longer)
I am stronger
I can't believe in you any longer (any longer)
I am stronger, stronger than you

You are empty, you are guilty, you are dead (you are dead)
Dead to me, and I'm never looking back (back)
I will leave you behind, I've lost it (lost it)
Lost in time

Fuck that, I don't need that
You will never define me
Fuck that, I don't need that
You will never complete me
Fuck that, I don't need that
You will never, control me
Fuck that, I don't need that
You will never break me down

I can't believe in you any longer (any longer)
I am stronger
I can't believe in you any longer (any longer)
I am stronger, stronger than you

You hold me under
But now I'm well (break me down)
And you ripped my heart out
But now I'm well (break me down)
And you stole my soul
But now I'm whole

I can't believe in you any longer (ay longer)
I am stronger
I can't believe in you any longer (any longer)
I am stronger, stronger than you
I believe I'm stronger than you
I believe I'm stronger than you
I believe I'm stronger than you
I believe I'm stronger than you
I'm stronger than you
I'm stronger than you
