

Adios

Empire Cast

We can do how you want it
Just tell me how you want it
I can do what you want boy

Some call me a rolling stone
I don't want to stay too long
I'd rather be like a breeze
Come and go as I please

But you're the one that I want, baby
I need you, love you, drive me crazy
No I never want you to go
So stay right here till my body goes

Don't you go
We got that chemistry
Don't you go
Knock it out like one, two, three
You're the one
Let's go, boy, I'm ready
Come here, kiss me
Set my heart free

Adios boy, don't say adios boy
Adios boy, don't say adios

Adios boy, don't say adios boy
Adios boy, don't say adios

Adios boy, don't say adios boy
Adios boy, don't say adios

Adios boy, don't say adios boy
Adios boy, don't say adios

You're my adrenaline
I don't want no medicine
If they try to take a pic
Save it, pin it just for me

Cause I'm outta my head right now
When you caption me and I don't know how
And I'mma always want you around
Baby, abide is a perfect sound

Don't you go
We got that chemistry
Don't you go
Knock it out like one, two, three
You're the one
Let's go, boy, I'm ready
Come here, kiss me
Set my heart free

Cause I'm outta my head right now
When you caption me and I don't know how
