

Drip Drop

Empire Cast

She do it all night
She goin' hard, right?
She love the spotlight
She make that thang go

Drip drop, drip drippity drop
Drip drop, I do my dance like
Drip drop, drip drippity drop
Drip drop, drip drippity drop

I know you got that bomb, shorty
Can I get it?
(can I get it?)
Somethin' on my mind
Girl I know you ready

I-I can't stop eyein' you
Lovin' the way you move
G-G-Got me obsessin' the sex undeniable

Don't let go (go)
You wanna get it
When you on that pole (pole)
You wanna get it
When you but you scared to admit it
'Cause you livin' for that minute
When you on that floor
Makin' doe

And look at the way you dance
(I'm doin' it for the bands)
You got a lot of fans
Make me wanna wash my hands

She do it all night
She goin' hard, right?
She love the spotlight
She make that thang go

Drip drop, drip drippity drop
Drip drop, I do my dance like
Drip drop, drip drippity drop
Drip drop, drip drippity drop

Funny how time flies
When she buss it open
(When she buss it o-)
W-when she buss it o-

Drip drop, drip drippity drop
Drip drop, drip drippity drop
Drip drop, drip drop

You hella pretty
Are you from the city?
Let me put you in a viddy
Maybe later on say Hello Kitty

Sorry if I come off too strong
But this yo' song
And if you come with me, you can puff on daddy
Like my middle name is Diddy
(Take that)

What you wanna do girl, can I guess it?
You're my new girl, so let me test it
Let me get that thang
We can play first string
Come sit on my bench, let me press it

You so excited, delighted to hear I like it
The diamonds in my watch, you know they be shinin'

She do it all night
She goin' hard, right?
(I see you, baby)
She love the spotlight
She make that thang go
(She do)

Drip drop, drip drippity drop
Drip drop, I do my dance like
Drip drop, drip drippity drop
Drip drop, drip drippity drop

Funny how time flies
When she buss it open
(When she buss it o-)
W-when she buss it o-

Drip drop, drip drippity drop
Drip drop, drip drippity drop
Drip drop, drip drop

When they turn them lights off
I'm a take all your cash
Come and get this private dance
This private dance, this private dance

When they turn them lights off
I'm a take all your cash
Come and get this private dance
This private dance, this private dance

When they turn them lights off
(When they turn them lights off)
I'm a take all your cash
(You can have all my cash)
Come and get this private dance
(Let me get that private dance)
This private dance, this private dance
(That private dance, that private dance)

When they turn them lights off
(When they turn them lights off)
I'm a take all your cash
(You can have all my cash)
Come and get this private dance
(Let me get that private dance)
This private dance, this private dance

(That private dance, that private dance)

Keep it goin', don't stop
Give me somethin' to watch
Got her ass in the air, but it's ready to drop
Shorty bad, shorty bad, bet she hear it a lot
Got that thang so wet, bet it's ready to pop
So let's go

She do it all night
She goin' hard, right?
She love the spotlight
She make that thang go

Drip drop, drip drippity drop
Drip drop, I do my dance like
Drip drop, drip drippity drop
Drip drop, drip drippity drop

Funny how time flies
When she buss it open
(When she buss it o-)
W-when she buss it o-

Drip drop, drip drippity drop
Drip drop, drip drippity drop
Drip drop, drip
I see you, baby
