It's been a while but we finally on
You should already know what time we on
I levelled up, had to get this money up
Yeah, they thought that I was done, I just elevated
The streets know I got it right now
Just gave my girl the keys to the Bentley right now, ayy
I levelled up, had to put my city on

Everythin' been too real lately, is it all a dream?
All this fake love in my face, it ain't what it seems, what you tell 'em?

You should already know what time we on
I levelled up, had to get this money up
Yeah, they thought that I was done, I just elevated
The streets know I got it right now
Just gave my girl the keys to the Bentley right now, ayy
