

## Even

## Empire Cast

You ain't even like this  
Look at you now  
Finna fall so hard for me, yeah  
'Bout to drop your guard for me  
You can't even fight it  
You're all turned out  
If you want my company  
Better keep goin' and talk to me

'Cause my body is catching your eye  
I see, boy, you can't lie  
Fair trade for the both of us  
Fair trade if we both give the most of us

If you give love I'm gon' give it  
If you ain't then I ain't with it  
Give and take, baby, that's the ticket  
If it's real love then it's even  
(It's real, real love)  
Want a shot 'cause my frame so wicked  
Level up to a ten when you bring it  
Give and take, baby, that's the ticket  
If it's real love then it's even

Any time you call me  
I hear you out  
You know I'll be there, baby  
Only if you do the same for me  
If we gon' be talkin'  
Better know right now  
Can you match my loyalty,  
Or can you never make up your mind?

'Cause my body is catching your eye  
I see, boy, you can't lie  
Fair trade for the both of us  
Fair trade if we both give the most of us

If you give love I'm gon' give it  
If you ain't then I ain't with it  
Give and take, baby, that's the ticket  
If it's real love then it's even  
(It's real, real love)  
Want a shot 'cause my frame so wicked  
Level up to a ten when you bring it  
Give and take, baby, that's the ticket  
If it's real love then it's even

Oh-oh, oh-oh, oh-oh-oh  
Oh-oh, oh-oh, oh-oh-oh  
Oh-oh, oh-oh, oh-oh-oh

Oh-oh, oh-oh, oh-oh-oh  
Oh-oh, oh-oh, oh-oh-oh  
Oh-oh, oh-oh, oh-oh-oh  
If it's real love then it's even

If you want this, want this, want this  
Better give me your love  
If you gon' be on this, on this, on this  
Better give me your love  
If you want this, want this, want this  
Better show me your love  
If you gon' be on this, on this, on this  
Better give me your love

If you give love I'm gon' give it  
If you ain't then I ain't with it  
Give and take, baby, that's the ticket
