They say that I'm reaching for the stars, I know
I won't let this diamond get away from me
I just wanna be right where you are even
If it's in a whole other galaxy

Can't focus focus
You're all I need
My purpose purpose
My ecstasy
I won't come down
Ima stay up here for now
And keep you on my mind cuz

When I'm without you
Thinking about you
When I'm not around you
I want you closer
Thinking about you
I feel your heart too
Out in the open
Full exposure

Glad that I found you
Can't be without you
When I'm not around you
I want you closer
Thinking about you
I feel your heart too
Out in the open
Full exposure
