

# Lifetime

Empire Cast

I knew somebody who said they never felt the rush  
Just with somebody, yeah, just to feel the touch  
Love has the power to stick to you just like a stain  
And then you're never the same

Some people walk four miles  
For a thousand hours  
But never are the lucky ones  
Some people wait for years  
What we found right here  
For what only took one moment for us  
Oh-oh-whoa

Ooh-ooh-ooh-ooh-ooh  
Once in a lifetime  
Ooh-ooh-ooh-ooh-ooh  
Feels so right  
When you know, you know, and we know it  
Let it overflow with emotion  
Ooh-ooh-ooh-ooh-ooh  
Oh, once in a lifetime

Don't let it go if you find that special thing  
Don't give up hold, 'cause timin' is everything  
And I, I've had my share of broken hearts  
But they can't keep us apart, no

Some people walk four miles  
For a thousand hours  
But never are the lucky ones
