Empire Cast

I know you've been praying
Praying for a miracle
You need something to put faith in
And I'll be your hand to hold
You put on many faces
Everyone except your own
I'm losin' all my patience
Don't know what we did wrong

Oh God, I know I said I don't believe
But let me get on my knees
I'm begging and I'm gon' plead
And He told me to tell you that

Every time it rains
When it's cold and it's dark out
I will always be your light, light, lighthouse
And I'll show you the way, yeah
And when you can't see through the clouds
I'll be your light, light, lighthouse
Shine (I'ma be there)
Shine (I'll be right here)
Shine (like a lighthouse)
Yeah

Hold on cuz the battle isn't over
Let hope be a shoulder
And through the darkness keep your sanity
We're in this thing together, we're a family
Right now my heart is heavy
And I don't even know if you can hear me
But if you can
I need you to understand, oh Lord

I know I said I don't believe
But let me get on my knees
I'm begging and I'm gon' plead
And He told me to tell you that

Every time it rains
When it's cold and it's dark out
I will always be your light, light, lighthouse
And I'll show you the way, yeah
And when you can't see through the clouds
I'll be your light, light, lighthouse
Shine (I'ma be there)
Shine (I'll be right here)
Shine (like a lighthouse)
Shine (yeah)

I'ma navigate you through this storm
I know it's looking bad right now
But when it's dark and you can't see
I'll be your light, light, lighthouse
We know the rain can only last so long
The fog is heavy, can't see the ground
I'll be your sun through the clouds

Your light, lighthouse

Every time it rains
When it's cold, when it's dark out
I'll be your lighthouse, your lighthouse
(I'll show you the way)
I'ma show you (I'm gonna show you)
When you can't see (gonna show you) through the clouds
I'll be your lighthouse, lighthouse
Shine (that's what He told me)
Shine (gonna light up the sky)
Shine (like a lighthouse)
Shine (in a middle of the ocean, yeah)
Shine (I'ma be there)
Shine (I'll be right here)
Shine (just like a lighthouse)
Shine (lighthouse)
