

Mama

Empire Cast

Listen mama, so many words to describe you
Strong would be an understatement
Warrior would suit you so much better
'Cause you've been fighting
She was just turning 16
Daddy left her out in the cold streets
He wasn't having it
He found all her sins underneath her mattress

Then suddenly her daddy up and died
But still she sees her father there in Luscious eyes

Mama, oh mama
For everything you've been through, there's nothing that I won't do for you
Mama, oh mama
See you deserve the best of what this world can offer to you
Mama I love you, mama, mama, mama I do love you
Mama I love you, mama, mama

In love with the thought of becoming queen
She never told, she did seventeen
She gave it all so unselfishly
And she did it all just for loyalty, that's my mama

I never knew someone to sacrifice, everything for love
Even gave up their whole lives

Mama, oh mama
For everything you've been through, nothing that I won't do for you
Oh mama
See you deserve the best of what this world can offer

You're the reason for my being here
Mama I'm so grateful, yes I am
I'm gon' be the one to guide your heart
Although Luscious raised us, you still made us from the sun

Mama, oh mama
For everything you've been through, there's nothing that I wouldn't do for you
Oh mama
See you deserve the best of what this world can offer to you
