

Same Time

Empire Cast

Crazy? Or psycho?
Ain't no telling where I might go
Mind in a cyclone
Don't go there, no fly zone
Yeah my heart cracked
Addicted to your darkside
We should take flight
Why feel good if it ain't right?

I feel like I'm talking foreign
Telling you something important
But you take my words and ignore 'em

Really? I feel the same way
(Yeah)
Tryna talk to you, you do the same thing
(Oh!)
You be twisting up my words like a Backwood
Then you try to play the victim like I knew you would

I'm a mess (I'm a mess?)
You a mess (You a mess)
And we both gotta give this a rest (Yeah)
All we do is point the blame, right? (Point the blame, right?)
Both yelling at the same time
You don't hear me (You don't hear me)
You don't hear me (You don't hear me)
You don't hear me (You don't hear me)
You don't hear me like I want you to (Nah)
Be quiet!
We both yelling at the same time

You make me sick, you make me nauseous
You need to shut up when I'm talking
You make me sick, you make me nauseous
You need to shut up when I'm talking

First thing first
(OK)
I think you be really actin' immature
(Say what!)
I think you be blowin' this outta proportion
(That's you!)
I think you be makin worse things worse

I feel like I'm talking foreign
Telling you something important
But you take my words and ignore 'em

Oh really? (Really)
I feel the same way (Oh)
Tryna talk to you, you do the same thing
(No, I don't)
You be twisting up my words like a Backwood
Then you try to play the victim like I knew you would

I'm a mess (I'm a mess?)

You a mess (You a mess)
And we both gotta give this a rest (Yeah)
