My sauce drip so much  
I got da drop top up  
When God said  
Let there be light  
Well that's when I popped up  
I'm so fresh to death  
I bring the death to life  
Man get these rappers a meal

They bite me left and right  
I don't write no more  
It's nothing left write  
It just ain't right no more  
Hit em lefts and rights  
I bring the storm  
Hold da torch  
And I stretch my foes  
But you already know the thing  
I'm fantastic fo  
I'm talkin'  
Intergalactic  
In and out of portals  
Super human swag  
We don't give out to mortals  
Hold dog I'm so riggidy raw  
Pass me the biggidy ball  
That's a score  
Are you really sure  
You want me to figgidy fall  
Cuz I go Micheal Myers

Suicidal  
To a rival  
Loose ya title  
Who's ya idol  
Put my right to the Bible

Steppin' out da coupe  
They mention you  
Who  
Well guess who got da juice  
Get it you who  
Like who you  
But yohoo like juice too  
I remove you  
Like voodoo
