## Empire of the Sun

**F** **B**  
1. Days go by my window

**G** **B**  
World slows down as it goes

**F** **B**  
Goodbye to last night

**F** **B**  
Lost my eyesight

**F** **B** **F**  
Can't you help me see?  
(They won't get right)

**B** **F** **B**  
R: Love you every minute cause you make me feel so alive

**F**  
**Alive**

**B** **F** **B**  
Love you every minute cause you make me feel so alive

**F** **Am** **D**  
Alive, alive, alive

2. Waking in the snow  
Tracing steps of you  
Swimming through the snow  
Wrapped in, proud we'll go  
Can't you help me see?  
(They won't get right)

R:

Can you describe to me  
All the world that you see?  
Oh I need you so much,  
I'll just wait  
Freedom is within you  
Giving makes us feel good  
Hello to our people  
Say hello to the future

Freedom is within you  
Giving makes us feel good  
Hello to our people  
Say hello to the future

R: +

Love you every minute cause you make me feel so alive

**Alive**

Love every minute cause you make me feel so alive

Alive, alive, alive
