

# Rhapsodize

## Empire of the Sun

Every dream has its own sound  
Colour in, join the lines  
If I give, I multiply

So let the light  
Rhapsodize  
Leap inside  
Your beautiful eyes

Imagination at the speed of thought  
The seas, the land the sky  
Vines, two vines  
Mammals, amphibians  
Insects, all kinds of creatures

Worlds in worlds  
So let the light  
Moon jelly fish  
Cannon ball jelly fish  
Rhapsodize  
Dinosaur, great white shark  
Brown bear, camel, cougar  
Leap inside  
Your beautiful eyes  
Buffalo, gorilla, wolverine  
Elephant

Tell me what you think  
'Cause it's bending in and out of mind  
Look before you dream  
Tell the world that I'm okay

Let the light  
Tell me what you think  
Rhapsodize  
'Cause it's bending me in and out  
Leap inside  
Soon become a dream  
Your beautiful eyes
