

I'm sick of banging with your skeleton  
You were gorgeous til you gave out all your skin  
Now I can never really take it to the heart again  
I still got yours blowing up inside my head

At least I'm waking up  
At least I'm waking up  
With you hiding in my bones  
At least I'm waking up  
I'm waking up

You're dying a legend, darling  
And I'm dying to touch you, baby  
Oh, whoa, whoa oh  
You're dying a legend, darling  
And I'm dying to touch you, baby  
Oh, whoa, whoa

Oh wait, oh wait, before I let you go  
There's a thread or two still left between our souls  
But you went messing with the gods and never fell away  
You're still burning off the angel on your face

At least I'm waking up  
At least I'm waking up  
With you hiding in my bones  
At least I'm waking up  
I'm waking up

You're dying a legend, darling  
And I'm dying to touch you, baby  
Oh, whoa, whoa oh  
You're dying a legend, darling  
And I'm dying to touch you, baby  
Oh, whoa, whoa

Oh, this is love.

Bang up my heart to get you  
Bang in my heart to feel you  
Bang, bang up my heart to get you  
Bang in my heart to feel you  
Bang, bang up my heart to get you  
Bang in my heart  
I'm always banging in my heart  
I'm always banging up my heart  
I'm waking up

You're dying a legend, darling  
And I'm dying to touch you, baby  
Oh, whoa, whoa oh  
You're dying a legend, darling  
And I'm dying to touch you, baby  
Oh, whoa, whoa
