Champagne

Empress Of

Where did you go?
Who are you know?
How did you know
I wasn't good enough for you?

Listening close to yourself talk
Tell me who knows you better
Than I do?

Champagne
Champagne

Watching the flames
Forming too fast
Don't spill champagne
All on yourself tonight

Simpler times
When we used to walk in circles
How you'll see time go by

Champagne
Champagne

Champagne
Champagne
