

Hat Trick

Empress Of

You say I'm a fool
You say I'm an empress
What does that mean?
I think you're a dream, to me
Why? To me
Why?
(Hachi, hachi, hachi, hachi)

Lay my cards on the table
Tell me my future
Tell me I'll make it boy
Hat trick, you've got the right eyes
Tell me my future, don't tell me lies

Don't show me the stars
Show me the distance
Show me who you are
Show me who you are
(Hachi, hachi, hachi, hachi)

Lay my cards on the table
Tell me my future
Tell me I'll make it boy
Hat trick, you've got the right eyes
Tell me my future, don't tell me lies

Lay my cards on the table
Tell me my future
Tell me I'll make it boy
Hat trick, you've got the right eyes
Tell me my future

Now that I know you exist I'll
Never let you go
Never let you go
Never let you go
