

I Don't Even Smoke Weed

Empress Of

We had too much to drink
Forgot that we overthink
You showed me how to be
Told me that oftenly
When things are new to me
I don't even smoke weed
It gives me anxiety
But when I'm with you
I'm too careless to
Care what people think

I'm in the palm of your hand
Eating at the palm of your hand
I don't always know what to say
But you always understand

I'm in the palm of your hand
Eating at the palm of your hand
I don't always know what to say
But you always understand

Shock, shock, shock
Shock, shock, shock

We have nowhere to be
We lost track obsessivly
I miss you when you're gone
Our going is never long
It's still in every zone
I fuck up everything
Find myself embarrassing
You don't seem to mind
Just as long as I'm
Honest everytime

I'm in the palm of your hand
Eating at the palm of your hand
I don't always know what to say
But you always understand

I'm in the palm of your hand
Eating at the palm of your hand
I don't always know what to say
But you always understand

Shock, shock, shock
Shock, shock, shock
