

What's Love

Empress Of

I wasn't trying
I wasn't trying to meet anyone
I wasn't dying
I wasn't dying to get heartbroken

Take my breath away
Made me feel safe
Made me escape
Made me wanna cave

I wasn't trying
I wasn't trying to love from the start

If a love can't make you
Break you
Shape you
Then what's love?

If a love can't make you
Break you
Shape you
Then what's love?

I was just playing
I was just playing the game till you won
I'm not the same
I'm not the same and I don't wish I was

Knocked me off my feet
Felt incomplete
Caught me off guard
Hands on my knees
I was just playing
I was just playing the game till you won

If a love can't make you
Break you
Shape you
Then what's love?

If a love can't make you
Break you
Shape you
Then what's love?

Tell me is it dangerous that you're my safety?
Tell me is it bad that I'm letting you change me?
'Cause I didn't want to have someone that I need
But if this isn't love can you tell me what love means?

This isn't love
Tell me what love means
This isn't love
This isn't love
