Empress Of

Drive to your house, in the middle of the night
Take you for granted, then call you my life
What type of girl am I?
What type of girl am I?

Fuck on the first night, don't care if you call
Tease you forever, you love when I stall
What type of girl am I?
What type of girl am—
What type of girl am I?

The rumors there
The mirror shows
The cards don't lie
The boys all know
What type of girl am I?
What type of girl am I?

I say I do before you say you would
Tip-toe 180 when you say it's good
What type of girl am I?
What type of girl am I?

DRAMA anytime you like
CRAZY baby, I'm your type
You said you wanna know me, fantasize
You said you wanna know me, paradise

What type of girl am I?
What type, what type?
Your type, your type
What type of girl am I?
What type, what type?
Your type, your type

The rumors there
The mirror shows
The cards don't lie
The boys all know

The truth has teeth
Skin and bones
The heart won't lie
The boys all know

What type of girl am I?
What type, what type?
Your type, your type
What type, what type?
Your type, your type

What type, what type?
Your type, your type
What type, what type?
