Stay

Empty Tremor

In this wild world where my soul seemed to be lost in this wild world where I thought to be alone I met you something new something that took me higher and I hope that it will last I'll do my best but please stay when I'll fall apart I know that you'll hold my hand and when I'll be afraid I'll have your sweet embrace I met you something new something I never had and I hope that it will last So take care of you but please stav! In my world stay! In this world stay! In my world stay! My dear friend till the end oh please stay! Oh please stay! Oh please stay! Oh please stay! Stay! In this world Stay! Come! Stay in my world stay! In my world stay! My dear friend please stay till the end oh please stay! My dear friend oh please stay! Till the end please stay
