

# The Alien Outside

Empty Tremor

I have been waiting for so long  
my time has come  
it's time for me to take control  
I'll put the alien outside

I know your fears I know your faults  
I'll be your judge  
it's time for me to take control  
I'll put the alien outside  
the alien outside  
the alien outside  
the alien outside  
outside...

My time has come  
I'll be your judge  
I'll put the alien outside!

Please leave my brain  
I just don't want  
to be your slave forever!

Your time is gone  
I'll be your judge  
I'll put the alien outside!

Please go away!  
No! I don't want  
to be your slave forever!

It's time for you  
to face the truth  
I'll put the alien outside!

Outside!
