You know what time it is  
Yeah

Spend more time at ma hussle than I did with you  
I used to spend more money with ma guys than I did for you  
If I told a lie, I did it for you  
And you ma overplug, if another try I'll electrocute  
Spend more time at ma hussle than I did with you  
Used to spend more money with ma guys than I did for you  
If I told a lie, I did it for you  
And you ma overplug, if another try I'll electrocute

They said I'm Humble, eh  
So she wanna have ma kids and bring some trouble, wait  
How many guys you been with a couple of dozens  
A Cameroonian bundle  
She put the guys on shuffle  
Leg work, go down  
Intoxicate ma brain  
Yeah, whip it go use a cain  
I be your Elon build a space ship musking you away  
Didn't have a single goddamn choice  
If they want, they can be the voice  
One AM until the morning we gon make the noise  
All that slow shit gon go away  
Don't you come another day  
Na, I need you back  
Cause moments with you were the only occasions I wasn't sad  
I love you bad, choosing between you and you  
Sure as hel gon make me mad, yeah  
Bamenda boy don turn a rapper this a fact

Spend more time at ma hussle than I did with you  
I used to spend more money with ma guys than I did for you  
If I told a lie, I did it for you  
And you ma overplug, if another try I'll electrocute

Yeah  
Hold up  
Baby  
You acting shady  
Don't like how you treat me lately  
You don't appreciate me  
Talking to me crazy  
I workout but you say I'm lazy  
I'm starting to think  
Yeah

This love is fugazy  
You got me thinking a lot  
When I'm on the plane, yeah  
Do you love me the same, yeah  
I'm I all in your brain, yeah  
I'm in a mix, yeah  
I'm tryna get rich, yeah  
I'm grinding  
How is your wrist, look at the time  
You don't give a shit, yeah

I gotta make a decision  
Bet on ma vision  
Aim with precision  
I don't like how I'm living  
Shit it feels like prison  
You just hate it when I'm cooling with the guys I know  
You just want me doing nothing at the house  
Gotta go

Spend more time at ma hussle than I did with you  
I used to spend more money with ma guys than I did for you  
If I told a lie, I did it for you  
And you ma overplug, if another try I'll electrocute
