

Long Way

Emtee

Aye
Aye
Aye
Aye
Knife Beatz, what it do?

I cannot lie, girl I've been scoping you
You came in my life, when I was thinking of approaching you
I made up a lie, just to get close to you
I don't regret it, I'm proud of myself, did what I'm suppose to do
I fuck wit' you the long way, I got you all day, ayy
You bring me peace after a long day
I fuck wit' you the long way, I got you all day
You bring me peace after a long day
Aye

I break my back for you
Run up the racks for you
Why is she that spoiled?
Cause nobody that loyal
Do my lil dance for you
Never put my hands on you
Got a Gucci bag for you
I'm spending them racks on you
I'm sorry for cussing you out
That is not what I'm about
I'm sorry for letting you down
And thank you for sticking around
Lord knows you a blessing
Never fold under pressure
You a pure soul and you special
No dough can impress you
I fuck wit' you the long way
Just like the song say
Let it all play, we gon' be okay
Shout out to women forgive us for sinning
Shit is embarrassing
Hating and killing a trend, now love is vanishing
Aye

I cannot lie, girl I've been scoping you
You came in my life, when I was thinking of approaching you
I made up a lie, just to get close to you
I don't regret it, I'm proud of myself, did what I'm suppose to do
I fuck wit' you the long way, I got you all day, ayy
You bring me peace after a long day
I fuck wit' you the long way, I got you all day
You bring me peace after a long day
Aye

I had a conversation with my son
I know he young
I said, rule number 1
Never hit a girl cause you want
You'll regret when it's done aye
It can never be undone aye
That shit isn't fun

Show compassion and love yeah
I've never hit a chick aye
But I'm not innocent
Me and my wife just hit a lick
She my Lauren and I'm her Nip
Look out for your mama and brother
I will take care of the hustle
You know they wanna see me fall
But we got each other
I'm from an African gutter
Where there's no jelly or butter
We say walala wasala
Nothing mahala
You were always there for me
You pray for me
I haven't changed
Don't be scared of me, no

I cannot lie, girl I've been scoping you
You came in my life, when I was thinking of approaching you
I made up a lie, just to get close to you
I don't regret it, I'm proud of myself, did what I'm suppose to do
I fuck wit' you the long way, I got you all day, ayy
You bring me peace after a long day
I fuck wit' you the long way, I got you all day
You bring me peace after a long day

I cannot lie, girl I've been scoping you
You came in my life, when I was thinking of approaching you
I made up a lie, just to get close to you
I don't regret it, I'm proud of myself, did what I'm suppose to do
I fuck wit' you the long way, I got you all day, ayy
You bring me peace after a long day
I fuck wit' you the long way, I got you all day
You bring me peace after a long day
Aye

I fuck wit' you the long way, don't take it the wrong way
I got you all day
Aye aye
I fuck wit' you the long way, don't take it the wrong way
Yeah all day
Yeah all day
