

No Stress

Emtee

See I need no stress
I just wanna party
Good things coming my way
Homie I'm blessed
Though I'm living in the hard days
Sekuzolunga manje
Need no stress, stress, stress
Life can be a mess, I know
So you can be the best
Yes, there's no time to waste nah, nah, nah

Excuse the swag
I never brag coz I never had nothing
Can't choose my fam and who I am but I was made for something
Even when am rich
I'll help others instead of stunting
I wish I can change the world and the BS we're stuck in
I'm not really a rapper I just make nice music
To inspire you lames coz you might use it
Now I'm working with the best
Hit that range for the stress
Catch a fade, reminisce
Never fake I'm legit
Phambili phambili, sikhulele e'Dustini
Laph' emakhaya eplazini
Siya phambili ayijiki
Noma bangathini
Vele bengingamameli eClasini
Mina namagenge ami on the grind estradini

See I need no stress
I just wanna party
Good things coming my way
Homie I'm blessed
Though I'm living in the hard days
Sekuzolunga manje
need no stress, stress, stress
Life can be a mess, I know
So you can be the best
Yes, there's no time to waste nah, nah, nah

Play my song let them hear it through the Jukebox
Get the money do to me and tell me when the boost stop
Claiming you the shit, you constipated or poop blocks
Never underground boy am smoking on the roof top
They thought am kidding now they got their hands in the ceiling
Funny how things changed
Lame stressing they feelings
Like I gave a damn boy am chilling
Won't stop till I'm winning
Lord protect me from these women who envy the life I am living
They love they yapping, mara abenzi fokol
Ngiyazamazama nami kudala ngisokola
So they wanna see me fall
They don't wanna see me ball
They just wanna see me flop
Now they wanna be cuz

See I need no stress
I just wanna party
Good things coming my way
Homie I'm blessed
Though I'm living in the hard days
Sekuzolunga manje
need no stress, stress, stress
Life can be a mess, I know
So you can be the best
Yes, there's no time to waste nah, nah, nah
