

## RIP Swati

Emtee

We don't live forever  
Like every other thing in this world  
We come and go  
No forever  
But it's worth it  
It may never be perfect  
Make every minute count, before they take you out  
Make all your people proud before it's lights out

I get high enough to be up there with you  
Still in denial I don't wanna know if it's true  
Akunyamezeki, I been trying to get it I mean  
That day in hospital uthe I'll see you soon  
And I've been trying piece it together and keep it inside me  
Ang'understandi na  
And you know maybe ngisazovuka and still dream  
Mangvala amehlo ami, You are all I see

We will all leave this world  
We will all leave this world  
We will all leave this world  
We will all leave this world  
Yeah

We don't live forever  
Like every other thing in this world  
We come and go  
No forever  
But it's worth it  
It may never be perfect  
Make every minute count, before they take you out  
Make all your people proud before it's lights out

Kulungile baba  
Makuyintando yakho  
Is'fiso sakho  
Singobani thina, esingaphikisana ne'nhlelo zakho  
Ngoba nalomphefumulo owakho  
Nalendodana oyithathile eyakho

We will all leave this world  
We will all leave this world  
We will all leave this world  
We will all leave this world

We don't live forever  
Like every other thing in this world  
We come and go  
No forever  
But it's worth it  
It may never be perfect  
Make every minute count, before they take you out  
Make all your people proud, before it's lights out

UMama wayesitsho mihla yonke  
Kufanele siguqe sithandaze  
Forgive your brother manixhabane

Let nothing come between us masihlangane  
You told me I should kill em, that's exactly what I did  
Thanks for putting me on  
I had to write this song

We will all leave this world  
We will all leave this world  
We will all leave this world  
We will all leave this world

We don't live forever  
Like every other thing in this world  
We come and go  
No forever  
But it's worth it  
It may never be perfect  
Make every minute count, before they take you out  
Make all your people proud, before it's lights out
