

# Truth

Emtee

Ey  
When they see me they salute  
They know I'm the truth  
In a Coupe  
Only room for two  
When they see me they salute  
They know I'm the truth  
In a Coupe  
Only room for two  
I do my thing dawg and I do it well  
I came from nothing but, can you tell?  
I do my thing dawg and I do it well  
I came from nothing but, can you tell?

No one ever wanted me  
I was on loans  
Mummy press calling me  
Son you doing good?  
All they wanted is selling me  
To the evil beast  
Mummy always on her knees  
See me oh God  
Now am living life  
Let me flex online  
Let me buy you a couple of staff  
Now they see me now  
Now they speaking lies  
This is my time

Ey  
When they see me they salute  
They know I'm the truth  
In a Coupe  
Only room for two  
When they see me they salute  
They know I'm the truth  
In a Coupe  
Only room for two  
I do my thing dawg and I do it well  
I came from nothing but, can you tell?  
I do my thing dawg and I do it well  
I came from nothing but, can you tell?

Please, leave me alone  
Why you wanna settle down?  
Left me on the road  
Had stitches on my mind  
Guess you never cared  
Guess you never cared  
This is why am never going back, yeah  
Calling home  
Damn I made  
100 racks  
Damn I got it  
100 pounds  
Damn am heavy  
Damn am heavy

Damn am heavy  
Please, hear me out  
Please, hear me out  
This is my truth  
This is my truth
