Khokh' umoya baba breathe  
I'm about to release  
I'm just trying to get the cheese  
Take the baby mama overseas  
Save money for my son's needs  
Be in the studio for some weeks  
I took a walk and I got me some sneaks  
Oh what a life I want a Jeep  
I know I ain't never had it easy  
Now I got some strangers tryna reach me  
Been through it all

There ain't nothing you can teach me  
These voluntary bitches tryna please me  
Bitches were never around  
Look now I'm holding it down  
I'm probably running this town  
Haters ain't making a sound
