Told myself angeke ngi luse inkomo
Came back, nga shay' islololo
And now I got my son rockin' Polo

Haven't you heard that I'm the next?
Man it hurts to be my ex
Cause of them man I'm tryna flex
It was me, my drank and self
In this world, I'm no guest
I'm gettin' money, no more stress
Where were you when I needed help? (Huh?)
What you know 'bout cold nights and hunger pains?
In the trap, ceiling was leaking from the summer rain
Everybody a so-called hustler, that ain't shit to claim
I tell ehr pay me, pay me like I got dick for sale
