

# No, No, No (Can't Come Back)

En Vogue

Last night, woke up to be  
In a cold, cold sweat (So sweaty, so funky)  
Dreamin' of bad things to be (Or not to be)  
Haunting things like homelessness (All the lonely people)  
Without a job, car, or food to eat  
Leaves you a little bit paranoid, well well  
(Brother, can you spare a dime?)  
But it reminds me how easily  
We let our fears affect who we are  
(No no no, can't come back)

No bad feelings, no no no  
No sad feelings, no no no  
No jealous feelings, no no no  
No insecure feelings  
No no no, can't come back  
No ill feelings, no no no  
No jealous feelings, no no no  
No ego trippin', no no no  
No insecure feelings  
No no no, can't come back

Had a friend in desperate need  
Of a little attention, compassion, you see  
Did I mention that friend was me? (Nope)  
Who'd just broken up from a love affair, well well well well  
I must admit I was truly hurt  
And I could n't change the facts and that's a fact (That's a fact)  
He loves her more than he loves me  
And it's truly just as simple as that  
No no no, can't come back

No bad feelings, no no no  
No sad feelings, no no no  
No jealous feelings, no no no  
No insecure feelings  
No no no, can't come back  
No ill feelings, no no no  
No jealous feelings, no no no  
No ego trippin', no no no  
No insecure feelings  
No no no, can't come back

Don't care what other people say (No no)  
Don't listen to them anyway (No no)  
Can't let the evil get its way (No, no no no)  
Don't let bad feelings make you pay (No, no no no)  
Don't care what other people say (No no no no no)  
Don't listen to them anyway (No no no no no)  
Can't let the evil get its way (No, no, no)  
Don't let bad feelings make you pay  
No no no, can't come back

No bad feelings, no no no  
No sad feelings, no no no  
No jealous feelings, no no no  
No insecure feelings

No no no, can't come back (So bad)  
No bad feelings, no no no (So sad)
