

Feel My Flame

Enbound

A situation, I 'm giving myself to you
A ghost is unbound in my head
Drowning and floating away

I must direct all the things that's combined with you
Protect me and stay in the wings
I must be careful and remain unchained

Feel my flame
Hear the pain
Feel my flame
Oh, can't you hear the pain?

Feel my flame
Hear the pain
Feel my flame
Oh, can't you hear the pain?

My eyes are bleeding, you're amused with it, it's in your smile
I'm trapped in your blackened heart
I must be careful and remain the same

Feel my flame
Hear the pain
Feel my flame
Oh, can't you hear the pain?

Feel my flame
Hear the pain
Feel my flame
Oh, can't you hear the pain?

I'm holding my thoughts
Leave me the blame
With you by my side... feel the flame

Feel my flame
Hear the pain
Feel my flame
Oh, can't you hear the pain?

Feel my flame
Hear the pain
Feel my flame
Oh, can't you hear the pain?

Why, can't you feel my flame?
Oh, can't you hear the pain?
