

Holy Grail

Enbound

I never thought I would find someone like you
We don't belong as one, but we are two, it's me and...

She pulls me down every time I stand
No matter what, I'm reaching for the hand

Every time I see her gorgeous eyes, she steals tiny little pieces of me
I give myself, in the stormy trail, she is the holy grail

Can you see what is glittering in me
It's a mirage from the creature I have inside of me

She pulls me down every time I stand
No matter what, I'm reaching for the hand

Locked and safe, we are on our way
Aim for the stars, we can't be apart
We are, state of the art

Every time I see her gorgeous eyes, she steals tiny little pieces of me
I give myself, in the stormy trail, she is the holy grail
Breathe out and inhale

Every time I see her gorgeous eyes, she steals tiny little pieces of me
I give myself, in the stormy trail, she is the holy grail
Breathe out and inhale
