

Burning In Neon

End of Fashion

Every one take to the mountains

Every one take to the mountains

Why do you think so damn loud

Cities are burning in neon

Cities are burning in neon

It's a useless fact to know

We won over the alpha male

We won over the alpha male

Blaming your boss and your partners

Blaming your boss and your partners

Your computer's sounding sad

We won over the alpha male

We won over the alpha male
