

## Home On Fire

End of Green

You burn my hometown  
now everything is over  
now i hunt you, no, you never can be free, it's over  
leave this city let me be  
see my home is on fire  
see my flames burn higher, leave me all alone  
i'm dancing on a wire, waiting for the fire  
never let me down  
you burn my hope down, now celebrate is over  
see i had it, see i had it all before  
so useless, leave this city let me be  
it can't be broken, my fire is lighting in the dark  
i never need you, leave before the new day will come  
see my hope's a fire
