

## Mirror

End of Green

Loked the mirror  
I fel loked the mirror  
Loked the mirror ouu..

My obsession for a resurrection has opened my sorrowfilled heart  
but my solution let me crawl deeper and I'll be walking alone in the dark

Loked the mirror  
I fel loked the mirror  
Loked the mirror ouu..

It's not an ordinary salvation i rejoice my life in the dark  
but when the sky comes down my heart could feel colder  
it's always frozen in the sun

Loked the mirror  
I fel loked the mirror  
Loked the mirror ouu..
