Thaw

END

Fall silent

Enslaved jaws funnel holy water (Water)
Into the lungs of the apostles

Fall silent and rewrite forgotten lore (Forgotten lore)
Tearing at the veil of fading ghosts (Fading ghosts)
Undying devotion left for dead
I engrave divine right in foundation as it falls

Only hurt could thaw (Only hurt could thaw)
Only hurt could thaw
A liar's frozen tongue
Sew shut the lips of prophets speaking sermons in deceit
Unanointed and immune to the venom they secrete

Enslaved jaws funnel holy water (Water)
Into the lungs of the apostles

A false sect pens revelation
And believers follow blind
Drawn in droves
To drain themselves of sickness

Only hurt could thaw
A liar's frozen tongue
Only hurt could thaw
A liar's frozen tongue

Fall silent
Fall silent
Fall silent
Fall silent

(Only hurt could thaw)
Sew shut the lips of prophets speaking sermons in deceit
Unanointed and immune to the venom they secrete
Only hurt could thaw
A liar's frozen tongue
Only hurt could thaw
