

## **Tuimbe (Let's Sing)**

**Endah N Rhesa**

When you start the day, my friend  
Come on hold my hand  
Start to sing and start to dance, come on take a chance  
You can run and catch the sun, and your day has begun  
Put a smile on your face, my friend  
Praise the holy land

When you feel so sad, my friend  
Come on hold my hand  
Lift your life with a smile, my friend  
Forget the bitter end  
You can be a better man, the future is in your hand  
Listen to your heart, my friend  
Praise the holy land

Sing en das met my ah (sing and dance together)
