

## Undone

Endless Blue

And I walk through the desert alone  
Threads embrace my skin, comforting my sin  
What have I done?  
Misguided, misunderstood. I am alone.  
Love is somebody I used to know  
Where have I gone?  
Alone

Crimson sand keeps moving me along  
Drifting, impending dawn  
Where have I gone?  
Alone  
Frozen in the saturating sun  
What have I done?  
I am no one  
Keep moving on

Barren of soul emotion gone  
Painless broken stare, my heart is unaware  
Of all the wrong  
Blinded and unrecognized  
I am alone  
Confused by the moments I used to know  
Where have I gone?  
Alone
