Fault

Endless Struggle

I was just a kid in school
I never listened, Never followed their rules
I never went to class on time
Didn't think it was worth my time
Try to teach wrong from right
Their mistaken, I am right
Half the shit they say is false
I didn't care it's not my fault

My fault, it's not my fault
My fault, it's not my fault
My fault, it's not my fault
My fault, My f**king Fault

Most of the kids we're a bunch of dicks
Two faced f**king hypocrites
So I didn't like school too much
Doesn't mean I'm out of touch
I would rather go and skate
Stay out real f**king late
Always having a good time
Therefore it's worth my time

My time, it's worth my time
My time, it's worth my time
My time, it's worth my time
My time, My f**king Time
