

In Time We'll Fall

Endo

Inside an empty hole where we're both suffocating
Talking to myself and find that I'm not listening
Screaming
Crying
There's someone in my body
Screaming

I see it all
In time we'll fall
I hear it all
In time we'll fall
I feel it all
In in time we'll fall

I'm falling over
I'm falling over you
I'm falling over

Inside an empty hole where we're both suffocating
Talking to myself and find that I'm not listening
Screaming
Crying

I see it all
In time we'll fall
I hear it all
In time we'll fall
I feel it all
In in time we'll fall

In time we'll fall
We're suffocating

I see it all
In time we'll fall
I hear it all
In time we'll fall
I feel it all
In in time we'll fall
I see it all
In time we'll fall
