

Something New

Enemy You

I got the right shoes on
I don't know what's gone wrong
I read the ads, buy the right things
But it doesn't feel the way they promised me

Turn off the damn TV
I find no solace in technology
I don't want to dance I don't want to drink
And I don't need something to believe

I've got nowhere to go, nothing to do,
And nothing to lose.
Don't give me the hype, it's got to be right
It's got to be true
So don't waste my time
I'm looking to find something new

And we count our cents
Demand convenience
Then go stand in another line
There's something wrong with our daily lives
We're so full of it
Wasting time in empty relationships
Life consists of work and school
And no one does what they want to do

I've got nowhere to go, nothing to do
And nothing to lose
Don't give me the hype, it's got to be right
It's got to be true
So don't waste our time
We're looking to find something new

I've got nowhere to go, nothing to do
And nothing to lose
Don't give me the hype, it's got to be right
It's got to be true
So don't waste my time
I'm looking to find something new
