

Your Way

Enemy You

I won't kiss ass just to be further
Ahead in the shit heap
'Cause I don't care
Don't talk to me of the rat race
'Cause it's just a game for narcissists
And I want more

I'll bite the hand that feeds
I buck the trends, pay no heed
No matter what you do
Or what you say
I'll never go your way

If your god teaches love to me
And the revels in jealousy
Than I won't pray
And maybe I'll listen to you
About the time hell freezes too
But not today

I'll bite the hand that feeds
I buck the trends, pay no heed
No matter what you do
Or what you say
I'll never go your way

I'll bite the hand that feeds
I buck the trends, pay no heed
No matter what you do
Or what you say
I'll never go your way
(Never Go Your Way)
I'll never go your way
(Never Go Your Way)
I'll never go your way
(Never Go Your Way)
I'll never go your way
