

## At the End of the Rainbow

Enforcer

Out like the wind  
I'm on the run  
Searching for reasons I have never know  
So far away yet I'm waiting to find  
To find the secrets of the rising sun

Rainbow  
Rainbow  
End of the rainbow, you were never there  
Rainbow  
Rainbow  
End of the rainbow, you were never there  
There for me

You'd give me trust  
You'd give me hope  
You held the answers I've been looking for  
I got so close yet I never could find  
Find the gateway to forevermore

Rainbow  
Rainbow  
End of the rainbow, you were never real  
Rainbow, whoa  
End of the rainbow, you were never there  
There for me  
Oh, oh  
At the end of the rainbow

Oh, oh  
End of the rainbow  
You were never there  
You were never there  
At the end of the rainbow  
Oh, oh, oh
