

# Thunder And Hell

Enforcer

Cataclysmical sound waves  
Resonate through a trebling world

Orchestrate Armageddon  
Bound to crush the foundations of earth

Crushing down from above  
Wrath of gods  
Striking from the sky

Crush your spine and your cortex  
Breaking through the barrier of sound

We demand your surrender  
To excellence of rock n' roll

Crushing down from above  
Wrath of gods  
Striking from the sky

Surrender to thunder and hell  
Surrender to thunder and hell

Crushing down from above  
Wrath of gods  
Striking from the sky

Surrender to thunder and hell  
Surrender to thunder and hell

Surrender to thunder and hell
