

Undying Evil

Enforcer

Arising from the shadows haze
Unholy gazer of relentless nights
Iron chains from time and space
Ties you down with all it's might

Creature of night
Morbid lust for blood enchants you
Creature of night
Devil's chains enfold and break you
Creature of night
Deep in ice all known betrays you
Creature of night
Claws of death undying evil

Thriving in the cold of cosmic black
Transylvanian nocturnal prime
Taste of blood brings your lust back
Afterlife beyond this time
