

Unshackle Me

Enforcer

Unbounded
Resounding
Earthquaking churning shakes
I tremble
Ungentle
As something deep inside me awakes

I can't stand any longer
I can't resist
I'm suffocating, I'm dying to be free
And can't reach out

Unshackle me
I'm dying can't you see
Unshackle me
I'm right here on my knees

Where I'll be
You got me
You set my world in flames
But I love it
And you got it
You got my heart in your chains

I can't still my desire
I can't resist
I want out but I cannot just break free
How I can't reach out

Unshackle me
I'm dying can't you see
Unshackle me
I'm right here on my knees

Unbounded
Resounding
Earthquaking churning shakes
I tremble
Ungentle
As something deep inside me awakes

I can't stand any longer
I can't resist
I'm suffocating, I'm dying to be free
And can't reach out

Unshackle me
I'm dying can't you see
Unshackle me
I'm right here on my knees
