

When the Thunder Roars (Cross Fire)

Enforcer

You're burning hot
You're burning fast
Wild and untamed
A gleaming spark
Will never fade away
You are fire and flame

Oh, like fire and ice
Decisive with burning desire

Cross fire
Cross fire
Cross fire
'Cause when the thunder roars
You'll be running for your life

You're lightning fast
Thunderous loud
Hot iron forged
Two worlds collide
As polar clouds
Electrically charged

Oh, like fire and ice
Decisive with burning desire

Cross fire
Cross fire
Cross fire
'Cause when the night comes down
You'll be running for your life
Cross fire

Can you hear when the thunder roars?

Cross fire - raging wars
Cross fire - as the thunder roars
Cross fire - cross fire
'Cause when the night comes down
You'll be running for your life

Cross fire - cross fire
Cross fire
Cross fire - cross fire
'Cause when the thunder roars
You'll be running for your life
