

Fiesta Europa

Engelbert Humperdinck

There comes a time when love is so far away
And the sun never shines a light on you
Come to the place where lovers love to holiday
You can play all night and catch the morning dew

Come to the fiesta
Ole to fiesta
Come to the fiesta
Sure to open up your heart tonight

Fiesta Europa
Music, dancing and wine
Fiesta Europa
And leave all your cares behind
Fiesta Europa
Where skies are so blue
Fiesta Europa
The stars dance along with you

Senorita I wanna get to know you now
Never thought I'd ever find someone like you
Everyone knows the meaning of having fun
So come along and join the party too

Come to the fiesta
Ole to fiesta
Come to the fiesta
Sure to open up your heart tonight

Fiesta Europa
Music, dancing and wine
Fiesta Europa
And leave all your cares behind
Fiesta Europa
Where skies are so blue
Fiesta Europa
The stars dance along with you

Fiesta Europa
Is one of a kind
Fiesta Europa
Leave all your cares behind

Fiesta Europa
Music, dancing and wine
Fiesta Europa
And leave all your cares behind
Fiesta Europa
Where skies are so blue
Fiesta Europa
The stars dance along with you
Fiesta Europa
Where skies are so blue
Fiesta Europa
The stars dance along with you
