

Only A Lonely Child

Engelbert Humperdinck

Never thought I see the day
Never thought I heard you say
Baby, it's over I just can't take it
Don't know what I'm gonna do
Only want to be with you

Now you, pretending I just can't fake it
Lying here on my own, I'm trying
Looking for some way to stop it dying

I'm only a lonely child
Inside a lonely man
Lost in an endless night
Drowning in tears
Only a lonely child
Inside a lonely man
Caught in the morning light
Fighting the fears
Walking down a country lane
Getting cold in the rain

Darling I can't stop remembering
When I took your photograph
You never used to want to laugh
But I think your smile is the sweetest thing
Lying here all on my own I'm trying
Looking for some way to stop it dying
