

## That Promise

Engelbert Humperdinck

I've been thinking over that promise  
That you'd be good to me now  
You've gone and broken that promise  
And all because of the boy

Well, I could name quite a few  
So, how can I rely on you  
To think about that promise  
Really do, do, do

Oh, I've been thinking over that promise  
But that's no guarantee  
I could never believe that promise  
Until you'd prove to me boy

Forget 'em, and say you're through  
And I will give my love to you  
To think about that promise  
Really do, do, do  
Baby do

All because of the boy

But, I could name quite a few  
So, how can I rely on you  
Think about that promise  
Really do, do, do

Oh, I've been thinking over that promise  
But that's no guarantee  
I could never believe that promise  
Until you'd prove to me boy

Forget 'em, and say you're through  
And I will give my love to you  
Go think about that promise  
Really do, do, do  
Baby do

Think about it, think about it, baby
