

# True

Engelbert Humperdinck

True  
That's me  
True to you  
I'll always be

Till you came along  
I was just a rover  
But you brought me love so strong  
Now my wanderin' days are over

True  
I'll stay  
Loving' you  
More every day

Let temptation come  
We'll still be together  
Our two hearts beat as one  
Sharing tender love forever

True  
Forever true  
Forever true

(True)  
(I'll stay)  
(Loving you)  
(More every day)

Let temptation come  
We'll still be together  
Our two hearts beat as one  
Sharing tender love forever

True  
Forever true  
Forever true
